THE HOUSE

Golonya Atelier

Golonya Atelier is the niche fragrance house of Golonya, the fragrance and personal-care manufacturer from Çorum, in the heart of Anatolia.

Built on the Turkish kolonya tradition, the everyday ritual of offering fragrance to a guest, Atelier reworks it as contemporary niche perfumery: eight eaux de cologne, six of them also poured as scented candles, and four reed diffuser scents for the home.

Everything is composed, filled and finished in our own 11,500 m² factory. Heavy glass, a hand-set sphere cap, a paper label, a rigid presentation box: objects made to be kept.
